The have asked for us to put a link on our website (already there) and they will link us to there website.

They have asked if they can have membership details in order to distribute their newsletter. Sue wondered about the potential data protection issues and Susan confirmed that our membership form only allows us to pass data onto UK Athletics.

Sue will go back to the clinic to suggest that we can distribute newsletters to new members through our membership pack, copy on our noticeboard, that we could distribute a copy by e-mail and put a copy on our website.
